User Agreement

This agreement establishes that the User named below has met the following requirements prior to use of Imaging Core facilities:

1. The User has discussed the research to be carried out using Imaging Core equipment or facilities with their Principle Investigator (named below).

2. The User has made the Principle Investigator aware of the rates and pricing structure for the given pieces of equipment to be used in the Imaging Core.

3. The User has given the Principle Investigator an estimate of the time, and therefore cost, required to complete the research using Imaging Core facilities either as a total amount or on a monthly basis.

4. That the Principle Investigator agrees to this amount of time/cost and to cover costs billed by the Imaging Core for Imaging Core use.

5. The User will abide to all policies pertaining to Imaging Core facility use, including completion of any required training and instruction by Imaging Core staff, abiding by SOP regulations, following safety guidelines with regard to transport of materials and samples, and being responsible for the cost of replacement of any equipment or items damaged through neglect of use by the user.

6. The User acknowledges his/her responsibility in scheduling time on Imaging Core equipment prior to use, and then to faithfully record usage time spent on that equipment, if applicable.

7. That both the User and the Principle Investigator accept that Imaging Core rates may be subject to change, and that every effort will be made by the Imaging Core to provide prior notice well ahead of any potential use at the new rates.
